Ultra fast transfer speeds

|		
USB 3.0	**5Gb**	
(5Gb / Sec = 640MB / Sec)		
USB 2.0	**480Mb**	10x
(480Mb / Sec = 60MB / Sec)		
USB 1.1	**12Mb**	40x
(12Mb / Sec = 1.5MB / Sec)		

Diamond D10 outstanding read/write speed is coupled with the latest USB 3.0 interface and is backwards compatible with USB2.0. The USB 3.0 interface features a 5 Gb/s bandwidth which is 10x the bandwidth of a USB 2.0 interface. It saves users precious time backing up to and from the hard drive when transferring mass data files.

Massive 1TB storage capacity

Diamond D10 portable hard drive is equipped with 1TB storage capacity, it takes only 70 seconds to transfer and store a 25GB blu-ray DVD. The massive 1TB storage capacity can store up to 200 full-length DVD movies. Regardless of the file size, Silicon Power D10 will satisfy every enthusiast's needs. Diamond D10 weighs only 205 grams and is 1.6cm thin, it is convenient to carry and easy to use.

Classic checkered design with contemporary style and sophistication

The new Diamond series of portable hard drives is designed by the Silicon Power R&D team. The focal point of the design was to sustain and continue the elegance of the Touch series using the checkered design. With a delicate and artistic manufacturing process, a stereoscopic effect was created that is gorgeous and eye catching wherever it goes!

SP widget software features seven main functions

1. " My document " synchronization / backup.
